is a bluesign® system partner.

bluesign® system partners are responsibly acting parties of the textile supply chain that are committed to applying the bluesign® system. As such, they are required to meet a high level of safety for both people and the environment, to use resources responsibly, and to continuously improve their environmental performance.

Chemical products carrying the bluesign® approved label meet the strict ecological and toxicological requirements of the bluesign® criteria.

Sustainability is part of their philosophy and they are dedicated to acting on their responsibility.
